Fran will set up Zoom meeting to go into details from the different committees.

Some high level notes:

Several emails were received telling us it was a great ride, people seemed very happy with the ride. No major problems.

Roads were backed up, police stopped by so will get more details from Les. Police were unhappy with placement of cones and traffic blockage

Roads were rough, not much shoulder by the ferry crossing.

Confusion about route in Port Huron since there were some last minute changes. Craig did send notification emails to anyone that had already downloaded the maps. Possibly add "routes

subject to change” to instructions and check the routes the night before. Registration should notify riders there may have been some changes and download the latest.

Discussed making some changes to 100 mile route/time requirements for next year.

Some confusion about the inventory sheets timing, need to make sure use all new inventory sheets for next year.

T-shirts – need to know who purchased what, didn’t have that information that day so it was confusing.

Thanks to Dave for cooking food, thanks to Herb for van, thanks to Judy for rolling with the changes.

Possibly not use wrist band since it worked well without them.

Farrow salad was a big hit, will post recipe. Food was well received.

Nino took the sealed food items to a food pantry that fed 32 different families, and open food items went to Detroit Rescue Mission.

WRAP UP:
