EDITORS NOTE

I am writing this note from the bedside of my husband Bob Goebel, who had a very freak accident. Well he didn't fall off his bike or get hit by a car, but fell off his desk chair with rollers, while out of town in Grand Rapids on business. No he wasn't drinking, just doing his work and really concentrating. One thing about Bob, when he does something he does it real well. He broke his hip in more than one place and is now waiting for surgery. As all you club members recall at the election meeting in February, Bob wanted the job of the newsletter and nominated me for the position, well now that he will have about 6 months on crutches and won't be able to do any serious riding he will have plenty of time to help write the newsletter.. So anyone who would like something of interest concerning our fellow cyclist or something you would like to share with other club members please call or send us a note. Bob & Rose Goebel
