RIDERS**

SEPTEMBER / 85

EDITOR'S CORNER

The summer months have flown by, but several of our club members have taken advantage of them.

Joanne Septembre bicycled to California, during the month of June, and met Mike Feldman on the Golden Gate bridge. Other than extremely hot temperatures and snakes slithering around her, on the plains, her ride was succesful and she is back safe and sound.

The Woodbys are our new Transamerica team. They bicycled from the west coast, towards home, and then continued to the east coast, because they needed more miles. They too have returned safely. Tim Phillips made the remark that he was worried if he would be able to keep up with Rosemary Johnson now.

Our newlyweds, Duane and Elizabeth Nieman bicycled to Lansing, rode Dalmac and bicycled home. Since it was their honeymoon, we should have tied tin cans on their back racks and EA should have worn her bridal veil. Oh well, maybe on their anniversary.

John Edry also biked to Lansing, rode Dalmac, and biked home. A humorous note on the subject, is that Great Big John's sleeping bag wadded up to a size of a football, and who would ever believe that his whole person would fit inside the unwadded bag. Seeing is believing.

After riding Dalmac, Sandra Cryderman also rode her bike to Lansing along the western side of the state. The only company she had was the wind, rain and sun. Oh yes, let us not forget the mesh bag of pop and beer cans, that swung alongside her bike, to give Teddy Gondert.

Also, I have to give mention about our own little Susie Pavlat. We have awarded her the title of "The 1985 East Route Dalmac Animal Award." Even though Jerry wasn't around to take care of her, she still rode like an animal. I think I'll have to invest in some LOOK Pedals. It couldn't have been all muscle. Or could it?

BWR NEWS

All members should wear their club colors on the day of the ride. So dig out all your t-shirts, jerseys and jackets with the club logo on it.

Duane Nieman will be setting up the newly purchased club canopy for a trial run on Sunday, Sept. 22. Duane needs assistance from a few volunteers, though. For time and place call Duane at 263-4234 if interested.

The Sept. 16 BWR meeting has been cancelled.

Any club member who wishes to purchase a 1985 BWR t-shirt should drop \$3.00 off at Pavlats bike store with your name and shirt size.

For club members who may like to eat breakfast at St. Clair High School, on the morning of the ride, will have to drop \$3.00 at Pavlats bike store before the ride date. Breakfast will be served beginning at 6:30 a.m.

Anyone who signed up to work a rest stop must meet at the high school at 6:30 a.m. to pick up the necessary equipment and foods for transportation to your area. The names that were listed on the sign up sheet are as follows:

Rosemary Johnson	Ron & Marge Skiba	Ted Gondert
Larry Robb	"Hot Dog" Dominick	Pat Gaskell
Doris Mulligan	Barton Family	Moorman Family
Koch Family	Ray Dominick	Bob Crowley
Denise Cryderman		

These club members will be receiving phone calls as to your location of your duty. Unfortunately everyone can not work at the main food stop. If anyone else wishes to participate and your name was not on the list, please contact Denise at 949-6218.

Since the Kiwanis Club of Grosse Pointe is helping to man our Canadian stops, our club is donating 75¢ a rider that goes through the lunch stop. The money will be donated to their Sunshine Club which in turn aids terminally ill children with leukemia and cancer.

Get out your bicycle

A series of maps that show and rate roads by their suitability for bicycling in Oakland, Macomb, and Wayne Counties is now available through SEMCOG, the Southeast Michigan Council of Governments.

For Oakland County the maps cover general Oakland County with more detailed maps covering: Troy, Commerce, and West Bloomfield; Southfield, Royal Oak, Novi, and Farmington Hills; and Pontiac, Avon, White Lake, and Waterford. For Macomb County there is a general Macomb County map with more detailed maps covering: Shelby and Sterling Heights; and Warren, St. Clair Shores, Clin-

ton, and Harrison. For Wayne County there is a map covering general Wayne County with more detailed maps covering: Detroit, Downriver, and Southern Wayne; Northwestern and Western Wayne; and Detroit — Northeast and East areas.

Designed to provide useful information, the maps are for use by anyone who travels by bicycle in the tri-county area. Because most bicyclists ride on residential streets, the base maps for urban and suburban areas were selected to show those streets, in addition to the main roads. Those who travel several miles at a time by bicycle frequently make use

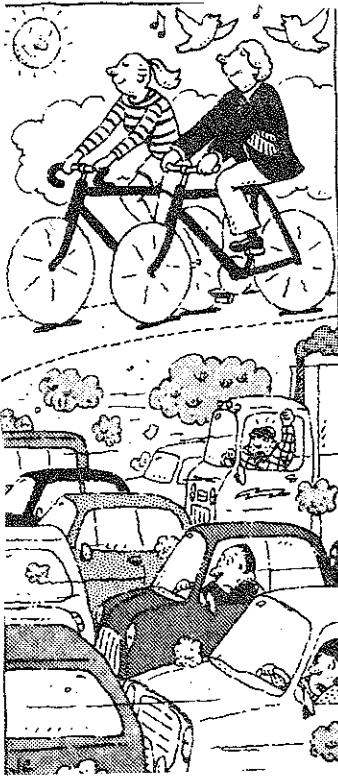

of collector streets and main roads, but because conditions vary considerably on such roads, those have been rated using a scheme which is designed to be meaningful to bicyclists. The ratings are derived from data on measured and estimated traffic volumes, roadway width,

and traffic speed maintained in a SEMCOG computer file. Ratings of paved through roads not in the computer file were estimated by bicyclists of the Greater Detroit Bicycle League (GDBL).

Other features of the maps include listings of area bike

shops and clubs, as well as bicycling laws and tips. The maps can be obtained either: at no charge by picking them up in person at SEMCOG's offices, 800 Book Building, 1249 Washington Boulevard, Detroit, 48226; or, by sending \$1.00 c/o "Bike Maps" to the same address.
