Blue Water Ramble

The Pres 'sez...

Congratulations on another perfect Blue Water Ramble. All volunteers deserve to take a bow. We worked very hard to put this ride on and it has paid off again. I was at the St. Clair High School from 6:00 a.m. to 6:30 p.m. The riders left with smiles and came back with bigger smiles.

In the afternoon when riders were coming back, I made a point to ask as many riders as I could how everything went. Not one negative response did I receive. "The best route", "great food", and "excellent organization" was heard over and over again. Pretty hard to take, but I kept asking anyway.

The weatherman threatened but the Clinton River Riders wouldn't accept the reports of rain. It was cool all day but dry. As we packed up the truck at 6:00 p.m., a few sprinkles did appear and by the time we left at 6:30 p.m. a light rain had started. Perfect timing - another great year - and looking forward to the next!

John Tarantino, President

On behalf of the 1,000+ actual riders, I want to thank all club members and volunteers who banded together to put on our 1999 Blue Water Ramble.

Your tremendous efforts throughout the year helped the Clinton River Riders achieve its ultimate goal, "promoting the sport of cycling". Believe it or not I still have one more job for each volunteer to do before we can say the 1999 Blue Water Ramble is finished. The job is simple but I doubt just one person can do it.

Actually, it's more of a game than a job because there may be a small reward for anyone that can complete this unusual assignment correctly.

Fill in the missing names below, (hint: they are not just people), then either mail me your results, or, give them to me at the next meeting. I'll put the answers and winners in a future Rambler. So get on your bikes, talk to your friends and see how well you know some of your volunteer riding companions.

BWR Bits and Pieces:

A lot of effort goes into making BWR a success. Although a large number of volunteers are needed on the actual event day, there is quite a contingency of volunteers working most of the year to get the ride ready for that first Sunday in October. So here's a little synopsis of what went on throughout the year 1999. See if you can figure out whom some of these people, places, and things are. The efforts began back last February when we voted ___'s design for the 1999 BWR T-shirt's and sweatshirts. The design was then sent to the Publicity Committee headed by Doris Mulligan where her group went to work on ordering the shirts and selecting a rider gift. That design was pretty intricate. It required lots of colors, many more than ever appeared on any previous shirt. ___ shopped around looking for a silk screener who could handle the job. Then he picked up all those shirts and took them to the silk screener. That saved the club a couple hundred dollars in shipping costs. ___, also a member of Doris's group, worked the local papers and radio stations into getting our club and ride out to the public. All of this was done with one thing in mind. Give the Blue Water Ramble rider the best ride of the year.

The design then went to the Registration Committee, headed by Diane Baker. They took the design to old club member, ___ who put it on the applications. Around May, ___ calls the assistant principle at St. Clair High School to see if we can rent the school for the first Sunday in October. They send him an application that he fills out and returns with a check. Around August/September, a tanned, lanky fellow named ___ spends his retirement time entering the returned apps into his home computer. He's assisted by another lanky, not retired, fellow named ___. Finally all those computer disks are merged together, labels are printed, envelopes are ordered, and a stuffing party took place at ___. How many trips to the bank do you think ___ made to deposit all the money from those applications?

Around late July, Jack Giannosa, Routes Committee chair, gets on the horn and calls state and local road commissions to see what kind of road work is planned so he can update the rider maps. A few weeks before the ride Jack and his crew don old clothes and drive up to St Clair in plastic wrapped cars. They carry lots of orange spray cans and start applying directional signs on the pavement so our riders won't have to look at those beautiful maps Jack spent his time designing. ___, ___, and ___ sprayed the North routes, while ___ and ___ covered the South. Remember driving up on I-94 early BWR morning, getting off at the St Clair exit and seeing the BWR directional sign pointing which way to turn? ___ was up earlier than you, putting up that sign. Rick Okjerhelm picked up the Food chair this year with no previous BWR chair experience. He quickly got that experience. Luckily, Rick had help. Rest stop # 2 was managed by ___ for as many years as I can remember. ___ uses her van to help load up rest stop #1. But did you know ___ orders and picks up the dogs and buns. Did you know ___ got those dogs for \$1.89 a lb. instead of the \$2.59 lb we would have had to pay, plus another \$50 off the total. Is that guy good or what? And ___ picked up the truck, tables, cider, donuts, and cookies for all the rest stops, while ___ and ___ picked up 100 warm dozen bagels and delivered them to BWR. Did you know good guy ___ negotiated 500 free bagels from ___?

___ and ___ joined ___ at the Algonac ferry to get the riders over to Canada. Bruce Carlson again headed up the Border Crossing committee.

TO ALL MY CRR FRIENDS,
I can't even begin to find the words to thank all of you who were so supportive in so many ways during the past few weeks. You were there for me with warm thoughts, kind words, many prayers, cards, notes, phone calls, visits, meals, best wishes, and if that weren't enough, contributions towards gift certificates. I felt myself improve from day to day knowing that I was in the hearts and minds of so many, as you were also in mine. I am working now to regain my strength and will be good as new before you know it. As I have told many of you, it takes more than this to keep the Irish down for long! One of my oldest and dearest friends pointed out the fact that I will now be even more aerodynamic than I was before, so look out (he's nicknamed me "Leftie")!

THANK YOU ALL FROM THE
BOTTOM OF MY HEART,
YOU ARE THE BEST!

Bruce, along with sidekick Pete Sprecher arranged for their workers to work in shifts. So some ride to their ferry crossing, work a few hours, are replaced by another set of workers and continue riding.

Rich Dyer, chair of the Parking Committee got his people there early. They're in the dark when they start working. Fortunately they have__ and__ with them to keep the cars from running them down.

John Tarrantino, SAG Chair, and president of our club, has working for him __ SAG driver and president of his club, __.

Finally the day after BWR, Art and Carol Meerhaeghe hosted the clean-up party. Everything the club owns was washed and inventoried and put back in the shed. Art ordered pizza and pop for the event, but__forgot to buy the cake.

There are many more details not mentioned that go into making BWR the success that it is. And many volunteers, including yourselves, cover all of these details. When you volunteer to do something you're doing two things. You're obviously helping the club. But you're also testing yourself to see what you're capable of doing. It's the same test you do when you're riding your bike and try to push yourself to go faster.

This club has many opportunities to try your hand at testing your abilities. Lead a ride, organize a ski trip, bring a special treat to the club meeting, work with your local government on making better roadways, run for a club office, join a committee. There are all sorts of ways for you to experience something new and challenging. And that's what life is all about. So here's an opportunity for you. Talk to others and see if you can figure out the missing names. Then put your answers in an envelope and mail it to me. Good Luck and thanks again for helping out on BWR.

Meeting Minutes**

The SECRETARY'S REPORT - The minutes were read by Darlene Duskey.
The TREASURER'S REPORT - was read by Sandy Freeman.

man.

BWR - John Tarantino mentioned that the BWR clean-up party would be held the Monday after the ride on October 4. Gary Haelwyn made a motion for the club to give \$100 for pop and pizza for the members who showed up for the cleanup. The stuffing party would be held on Monday, September 27 at 6:30 p.m. at Parkhut. The pre-ride will be held on Sunday, September 19, 8:30 a.m. at St. Clair High School. Maps will be available and the rain day will be the following week. Doris informed us that we have 15 sponsors for the BWR ride. Some of the sponsors we gave this year are Balance Bar, Gatorade, Garland, Boyne, St. Clair Inn, Motor City Collision, and Purrell. There will be banners with the sponsors name on it at the rest stops. Beth Clark gave a report on some of the publicity we will have this year for the ride. she mentioned the BWR would be advertised in various papers and on the radio. Eric Noyes said the maps were at the printer and we would have a total of 2,000 when done. Painting will be this Saturday at 8:00 a.m. at the St. Clair High School.

Jack Giannosa said the front entrance of the school is not accessible and entry will be through the SW corner or the east side of the building. Some of the parking we

previously had will be unusable because the ground has been hydro-seeded. Jack mentioned that next year we will have to find an alternate registration spot as the school will not be accessible due to major reconstruction.

OLD BUSINESS:

John Tarantino read notes from various people who thanked the club. Kathy Osip for the plant, Jane Benard for the fruit basket, and Friend of the Children and Arc Cycling program for supporting them.

Bill Windhorst gave an update on velodrome related news. He said that on September 22 the city council in Rochester meets and will have the velodrome on its agenda for the go-ahead on the final construction for the track.

**Clinton River Rider Minutes
September 13, 1999**

Darlene Duskey reminded club members about the Christmas Awards Please submit pictures for the slide show to Sue Pavlat.

John Tarantino spoke on volunteers: He mentioned how many cycling events would not take place without some of the people who take the time to volunteer. The tri-city cyclists and the MUTS were the hosts of the Tandem Rally this year and our very own Dave Martus and Loren Bach were volunteers for that event. Also the other event was the One Day Ride Across Michigan put on by the League of Michigan Bicyclists. We had approximately 15 club members riding it and 10 who volunteered to SAG. John mentioned how important volunteers are for these rides and that without them our BWR wouldn't be a reality either.

John talked about supporting our friends of Macomb Orchard Trail which goes from Shelby to Richmond. He said he had 50 applications to become members and hoped club members would consider and

support this trail.

NEW BUSINESS:

John Tarantino mentioned that Congressman Bonior walked a total of 300 miles from Mt. Clemens to Mackinaw using rails to trails. He is writing a book on his experiences and will be donating the profits on his book towards the rails to trails program. John reminded members that we have a membership to Adventure Cycling which includes many travel benefits, maps and as a plus, publicity for our club.

Mike Sproul brought up the road construction presently being done in St. Clair Shores on Jefferson from 10 Mile to the city limits of Harrison Township. He felt our concern should be that the bike lane gets put back in upon completion. He said this is an good opportunity for the City of St. Clair Shores to improve the existing bike lane to the new 1999 AASHTO standards such as wider curb lanes. He feels that ISTEA funds are available for the paving to make the lane better. He said this is an excellent opportunity for us as bike riders to voice our opinions and mail our support to Bonior, the Mayor and City Council Members of St. Clair Shores, Callahan, District 25 State Rep, and John Hertel the Chairman of the MCBC. He took the liberty of copying 300 letters for people to mail in to these people to show our support. Mike made the motion to be reimbursed for \$22.26 for the printing of these letters.

John Tarantino received a number of samples for Skintastic sunscreen with repellent. He asked members to try it, as the company would like feedback.
